## Petite Sirah Tasting

So you think Petite Sirah is a delicate little wine, not anything like the big full bodied Syrah/Shiraz you get from Australia. Well, we are prepared to show you how wrong you can be.

You are in for an evening of some of the best Petite Sirahs to be found. We will be paring them with a variety of foods to tickle your palate and enhance the enjoyment of these wines.

Come join us at Mountain Rise Church, Perinton  
Date: March 20, 2010. The formal tasting will start at 7:30 pm with the opening wine served beginning at 7:15.
